POINT OF EMPHASIS

American Legion Baseball adopts the philosophy and principles of the MLB/USA Baseball Pitch Smart initiative of practical, age-appropriate guidelines to educate parents, players and coaches to avoid overuse injuries and foster long, healthy careers for youth pitchers. Learn more online at pitchsmart.org.

The following are recommendations and suggested guidelines:

- Consideration should be given to not exceed 100 combined innings pitched in any 12-month period.
- Take at least four months off from competitive pitching every year, including at least two to three continuous months off from all overhead throwing.
- Coaches should consider the pitcher's age and recommended guidelines for that age group (i.e., a 15-year-old pitcher on a senior team should be limited to 95 max pitches, although 105 is allowed).
- Once a pitcher is removed, consideration should be given to what position he is assigned once he is done pitching, as well as the throwing requirement of the fielding position once the pitcher vacates the mound.

- Make sure to properly warm up before pitching.
- Avoid playing for multiple teams at the same time.
- Avoid playing catcher while not pitching.
- Avoid pitching in multiple games on the same day.
- Make sure to follow guidelines across leagues, tournaments and showcases.
- Monitor for other signs of fatigue.
